## Fundraising Focus 2018 - Toilet Refurbishment Appeal

Due to their poor state of repair many student toilet facilities are in desperate need of refurbishment. That's why the PTA has agreed to set up a special fundraising appeal that is supported by the students themselves, including the Student Council. We feel this is something the students will directly benefit from for many years to come.

We ran a Facebook fundraising campaign back in the summer and thanks to parent generosity we managed to raise an amazing **£475** - thank you so much to those who donated! We would love to build on the success of this throughout the 2018 - 2019 academic year as our main fundraising focus.

We will continue to support other funding bids received from the teaching staff through funds raised from our programme of events and activities. Funds raised through this special appeal will be used to help fund the refurbishment of the toilets.

**Please consider making a one-off or regular donation towards this project either by donating cash or a cheque made payable to the Ranelagh PTA and hand this into the school office or donate online.**

**Donate online at**

Ranelagh Parent Teacher Association (PTA) is a group of parents and carers who organise social and fundraising activities to help raise money for Ranelagh School. We are separate from, though very much complement, the other fundraising arm of the school called Friends of Ranelagh. Money raised by the PTA goes towards special requests made by teachers to add value to and enhance the education of students at the school. Spending is agreed by members of the PTA which is made up of people from the parent body.

Typically money raised does not support core services which have traditionally been funded by the Department for Education and the other charitable arm of the school - Friends of Ranelagh. However, as capital resources deplete year on year, the pressure of providing core services and maintaining school facilities has become even greater and so we have agreed to support a special project to refurbish some of the student toilet facilities in school.

**Please help us to reach our goal!**

We do not store any payment details you give when you donate online. Payment is processed by BT on their own end-to-end processing system, BT Buyonet. This same secure system is used for customers paying their BT bills online and it complies with the payments industry security standards (PCI-DSS).

**Thanks so much for your support**
